Foreword by Registrar

My humble pranams to Pujya Gurudev Swami Chinmayananda.

Each academic year presents a world of opportunities in higher dimensions and magnitude. The academic year 2022-23 has been very rewarding in terms of adding new facilities and expanding our wings to span more programmes with promising growth to cover newer horizons.

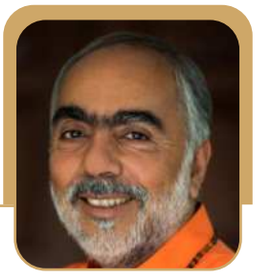

I feel privileged to announce the commencement of a renovated facility in the heart of Kochi towards the start of the new academic year. The facility at Warriam Road not only got upgraded with the state-of-the-art infrastructure, but also opened up a multitude of opportunities for the students enrolled in our various contemporary programmes. While our serene facility at Veliyanad hosted oriental and teacher education programmes, the upgraded facility at Ernakulam became abuzz with a lot more scope for the students enrolled in our commerce, management and psychology programmes to interact better with the industrial capital of the state. All this was possible because the CVV Trust and senior management, gave us the infrastructure and support required for running the operations in a seamless manner. I also wish to thank my faculty and non-teaching colleagues for adapting quickly to the transition in facilities.

The academic year also saw the addition of our dream facility amidst the lush green 70+ acres of land at Onakkoor. The state-of-the-art academic facility at Onakkoor will serve as the house for B.Tech. programmes as well as the teacher education programmes from the next academic year, 2023-24. Needless to say, with the divine grace of the Almighty, Pujya Gurudev and the sleepless effort of countless employees, the permission for commencing the engineering programmes was received from the All India Council for Technical Education (AICTE) in June 2023.

It is a matter of great pride and satisfaction that CVV is marching forward. Hope you find the Annual Report interesting and astute.

Message from the Chancellor

Dear Members of the CVV Community,

As we navigate the insightful pages of this Annual Report, the unfolding achievements bear witness to the unwavering dedication of the entire CVV team. These triumphs resonate with the enthusiasm of our students and the benevolence of our donors. My heartfelt congratulations and sincere appreciation extend to all involved, for their contributions have not just fueled our achievements but have become the very essence of our success story.

At CVV, we embark on a bold journey toward a future that upholds timeless values and culture, where education is the cornerstone of progress—a vision championed by the revered Pujya Gurudev Swami Chinmayananda.

This year, our graduates are making a significant impact in their fields, embodying CVV's belief in empowering students to shape human history. Through strategic partnerships with reputable organizations, we have orchestrated impactful conferences that bring together visionaries and innovators dedicated to creating a better world.

Delighted to share significant accomplishments, such as securing two prestigious grants from the Indian Knowledge System division of the Ministry of Education, AICTE, and the triumph of Sanskrit scholars in a statewide language contest. Our hosting of the C20 conference, the success of the AI and Chat GPT seminar, and the impactful National Youth Conference on Indian Knowledge Systems, featuring over 100 presentations, highlights CVV's commitment to academic excellence and cultural heritage understanding.

Additionally, the inclusion of luminaries on our Advisory Council, Board of Management, and Trust has enriched CVV, bringing invaluable expertise that elevates our work. This year several of our programmes transitioned to our new facility in the heart of Kochi city—a significant milestone.

As we approach the 108th Jayanti of Pujya Gurudev Swami Chinmayananda, I eagerly anticipate hearing about even more remarkable achievements. May the blessings of Bhagavan and Pujya Gurudev Swami Chinmayananda continue to shower upon us all.

Swaroopananda

Swami Swaroopananda

Message from the Vice Chancellor

In the past year, CVV thrived with the enthusiasm and energy of our vibrant campus life. The joy of in-person interactions reverberated across our grounds as students returned, igniting the atmosphere with their activities, marking a return to the rhythm of normalcy. Throughout this period, our collective efforts have not only sustained but also elevated our standards, overcoming various challenges. Notably, we proudly published four new books during this time!

In 2022-23, many of our courses moved to our new facility at the heart of Kochi city. Eight programs were relocated to the Chinmaya Pranja Prathishtam facility at Warriam Road, Ernakulam. This marks a significant milestone in our journey.

This year has been marked by strategic collaborations with esteemed national and international organisations, aimed at enriching our programs and shaping impactful social initiatives to address societal disparities. We are honoured to welcome half a dozen Distinguished Visiting faculty members from diverse corners of the globe, enriching our academic landscape and supporting our research endeavours with their invaluable experiences.

I am delighted to inform you that we were honored to have Professor Annette L visit us. Her insights and contributions have added tremendous value.

It's been a rewarding year, and we eagerly anticipate the unfolding of new and exciting ventures soon. Look forward to the introduction of innovative programs, the development of an expansive new campus at Onakoor, engaging publications, as well as conferences centred around unique and stimulating themes, among other ventures!

Heartfelt commendations and gratitude extend to our students, their families, dedicated staff, and esteemed faculty for their unwavering commitment in upholding the legacy and standards of CVV.

Examinations, Evaluation, Results and Award of Degrees

Examinations

Examination Section is an autonomous, fully automated wing of the university with the following functional features:

a) Database of students

b) Database of Rules and Regulations of all courses

c) Database of Panel of Examiners

d) Preparation of Question papers

e) Preparation of Hall Tickets

f) Appointment of Examiners

g) Preparation of Tabulated Mark Register (TMR)

h) Compilation and declaration of final results

i) Convocation related data

Evaluation

a) Continuous Internal Assessment (CIA):

At CVV, CIA is being followed in letter and spirit. Assignments, Project Work, Seminar and other constituents of learning methods are the components for Internal Assessment.

b) University Examinations (UE):

The University Examinations (both theory and practical) are conducted at the end of each semester. All the students pursuing UG and PG degree programmes undergo external evaluation at the end of each semester. With regard to practical and projects, the internal examiners also evaluate the students along with the external examiners. Answer sheets are encoded with the barcoding system before forwarding it to the evaluators and later decoded for preparing the tabulated mark register.

Results

Our students have shown consistent performance with excellent results in all the programmes since the inception of the university. The Continuous Internal Assessment (CIA) and university examinations were conducted as per the regulations of the university and the results were published on time. The tables below give the details of the results of the examinations conducted.
