Message from the Chancellor

Chinmaya Vishwa Vidyapeeth (CVV), Pujya Gurudev Swami Chinmayananda's visionary project came into being five years ago to reimagine tertiary education. By integrating cutting-edge global learning practices with Indian Knowledge Systems (IKS), CVV is laying the foundations of a learning renaissance that will create a playbook for 'real change' in the world.

IKS is replete with great discoveries, advancements, and some of the most complex ideas in our history. Its method of unfolding provides individuals with a remarkable understanding of their mind's potential, bringing out unique dimensions of innovation, logic, intuition, and decision-making.

Our aspiration is to bring this wisdom into modern application so our graduates can exceed excellence both materially and by living lives of meaning, humility, and service. They will be true to the spirit of dynamic and spontaneous creativity, constantly bringing extra enthusiasm and originality when shaping our brighter future.

CVV has many exciting plans for the future, including designing new courses, partnering with leading national and international organisations, creating a brand-new state-of-the-art campus, designing social projects to alleviate disadvantage and more!

Swami Swaroopananda
Chancellor, CVV

About the University

Chinmaya Vishwavidyapeeth (CVV) is a Deemed-to-be-university in the de novo category under the section 3 of the UGC Act 1956. Started in 2016, the centenary year of the inspirational Visionary and Founder of Chinmaya Mission, and renowned Vedantic master and teacher par excellence Swami Chinmayananda, it is established as a torchbearer for the preservation of Indian cultural heritage and its knowledge traditions through higher education.

Pujya Gurudev, as Swami Chinmayananda was reverentially called, emphasized on an education that facilitates self-unfoldment of individuals. He envisioned a system based on the Indic wisdom of yore, that nourishes the physical, emotional, intellectual, and spiritual personalities of a child, guiding him/her to emerge successful in life. This is the beginning of the Chinmaya education movement in 1965. With over a hundred institutions - schools, colleges, vocational institutes, study, and research centers across the world, Chinmaya Vishwavidyapeeth (CVV) is the culmination of the grand vision.

Founded on the values of purity, spirituality, practicality, and innovation, CVV is creating an academic platform that critically studies the Indic Knowledge Traditions (IKT) to preserve, nourish and propagate its timeless wisdom for current-day applications in every sphere of human endeavor. It is integrating the best of modern pedagogical advances with the beauty of the traditional Gurukula model of learning and preparing students to address contemporary challenges, inspiring them to leave a positive impact on the world as confident and cultured contributors to society.

Our various undergraduate, postgraduate, and doctoral programmes in Management, Commerce, Applied Psychology, Teacher Education, Vocational Studies, Law, Public Policy, Sanskrit, Indic Knowledge Systems, Performing Arts and Philosophy, are among the best in the country. Led by proficient and committed faculty who credit some of the eminent institutions in India and abroad as their alma mater, the teaching and learning follow student centric approach which include experiential learning, inquiry-based learning, project-based learning and flipped classrooms. Our Choice Based Credit System (CBCS) also ensures a high level of academic flexibility in terms of foundation, elective and minor courses, and dissertation/project work, honing students for academic excellence as well as a successful career in industry.

Our state-of-the-art facilities in IT and infrastructure also contribute to the rich experience of world class education. With adoption of Student and Learning Management Systems, and ICT enabled classrooms, seminar halls, psychology and computer labs, and library, CVV has been providing e-learning as well as hybrid learning options for students. Examinations, Evaluation, Results and Award of Degrees

Examinations

Examination Section is an autonomous, fully automated wing of the university with the following functional features:

a) Database of students
b) Database of Rules and Regulations of all courses
c) Database of Panel of Examiners
d) Preparation of Question papers
e) Preparation of Hall Tickets
f) Appointment of Examiners
g) Preparation of Tabulated Mark Register (TMR)
h) Compilation and declaration of final results
i) Convocation related data

Evaluation

a) **Continuous Internal Assessment (CIA)**:

At CVV, CIA is being followed in letter and spirit. Assignments, Project Work, Seminar and other constituents of learning methods are the components for Internal Assessment.

b) **University Examinations (UE)**:

The University Examinations (both theory and practical) are conducted at the end of each semester. All the students pursuing UG and PG degree programmes undergo external evaluation at the end of each semester. With regard to practical and projects, the internal examiners also evaluate the students along with the external examiners. Answer sheets are encoded with the barcoding system before forwarding it to the evaluators and later decoded for preparing the tabulated mark register.

Results

Our students have shown consistent performance with excellent results in all the programmes since the inception of the university. The Continuous Internal Assessment (CIA) and university examinations were conducted as per the regulations of the university and the results were published on time. The tables below give the details of the results of the examinations conducted.

Examination Reforms

The following reforms were implemented in the academic year 2020-21:

The entire work relating to examinations is being governed by different provisions of UGC (Institution Deemed to be Universities) Regulations, and Rules and Regulations made therein by the authorities of our university.

The Examination Section of CVV is mainly engaged with appointment of Question paper setters and Examiners from approved panels, getting question papers set for various examinations, Preparation and publication of schedule of examinations, conduct of examinations, evaluation of student performance in Theory/Practical examinations, timely declaration of results and award degrees/diplomas in Convocation.

The continuation of the pandemic effect into the academic year 2020-21 affected the operations of the Higher Education Institutions in a big way. In response to the pandemic, UGC announced various options for conduct of exams, to be adapted/ adopted by Higher Education Institutions based on the local conditions.

Based on the guidelines issued by UGC and the infrastructure available in our university as well as the students, the following reforms were implemented: Attendance for the students during the period of online classes was treated as 'deemed to be attended' by all the students unless informed by the students. The practical sessions were conducted in face-to-face mode wherever possible by following appropriate protocols as advised by the Government from time to time.

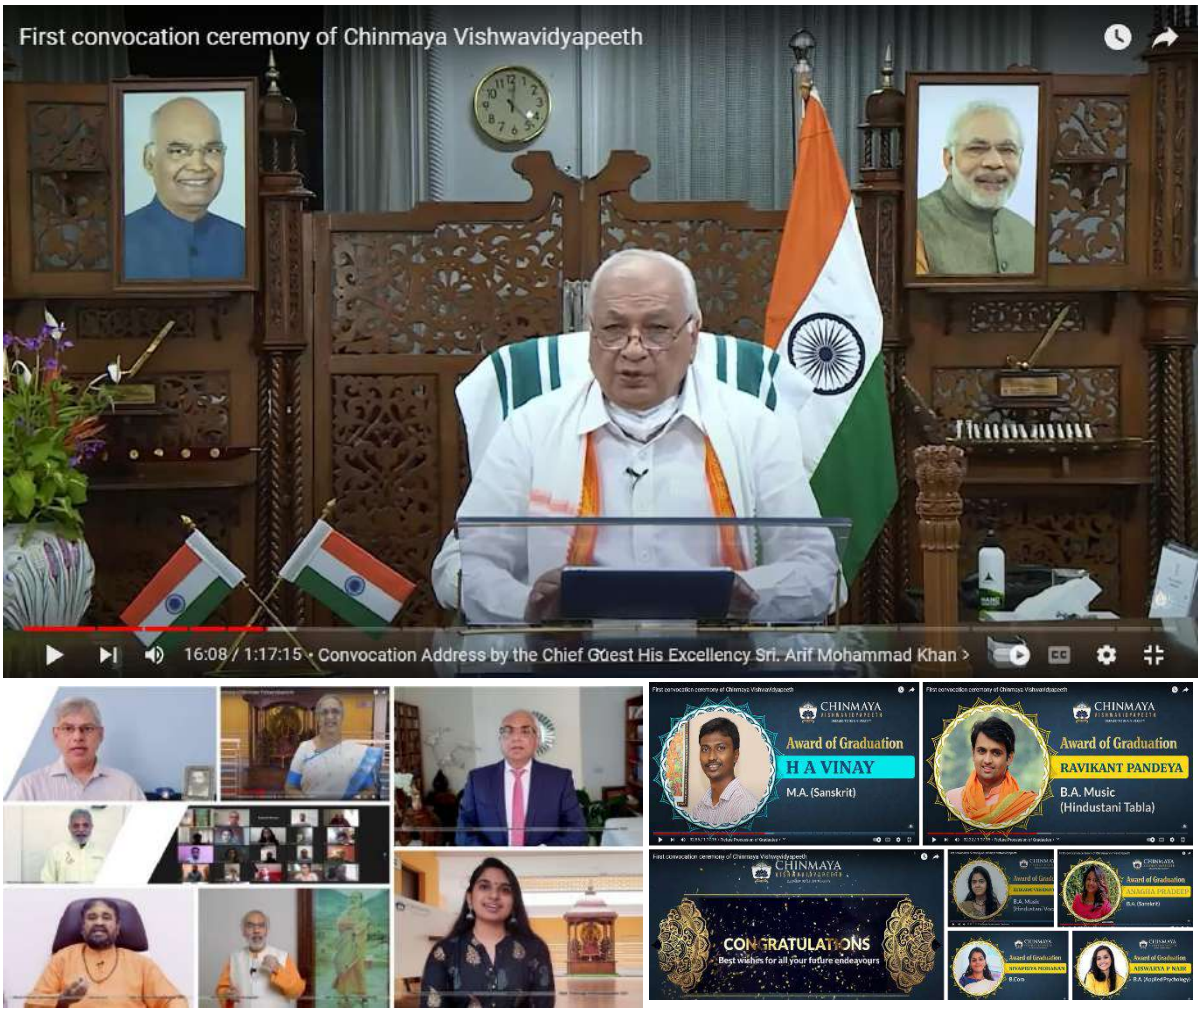

The University Examinations for all the PG students and UG students were conducted through online/ offline/ blended mode. The number of Continuous Internal Assessment components were increased. MCQ/ OMR based examinations, Open Book / closed book Examination, Open Choices, assignment/ presentation-based assessments etc. were included in the question papers to the students. Faculty were given the option of reducing the exam duration from 3 hours to 2 hours, after prior intimation to the CoE office. The scheme of Re-examinations was introduced for those students who suffered from internet related failures preventing them from taking the examinations.

Convocation

The first Convocation of CVV was conducted on 06-06-2021. Since the country was hit by the second wave of the pandemic, the event was conducted online in a pre-recorded mode.

The students who qualified for their undergraduate degrees in 2020 and 2021, those who qualified for their post-graduate degrees in 2019, 2020 and 2021 and those who qualified for their PG Diploma in 2018 were included in the Convocation. A total of 135 students were eligible to receive their degree/Diploma after having completed the requirements for the same. The break-up of students qualifying for their respective degrees is given below:

Internships and Placements

Internships

The CVV Outreach and Placement Committee took the initiative to provide internships for students at different locations across India in varied fields, as per their choice. The month-long internships during the summer vacation gave the students an opportunity to travel, participate in and explore the industrial relevance and practical implementation of their study. A total of 38 students primarily from BA Sanskrit, BCom, BBA and BA Applied Psychology took the benefit of group internship as well as individual internship assignments.

The areas of internship covered the health sector, different NGO projects in Psychology, finance and accounts, Sanskrit and Ayurveda, photography, administration, marketing and temple management.

Not only did the students gain industry-relevant skills, but the hosting organisations too gave positive feedback about the service rendered by the students.

CVV upgraded the internet bandwidth from 100 mbps to 150 mbps and a backup of 50 mbps. With 23 ICT enabled classrooms, and 170 computers available for students to work on, the IT Department of CVV provides the necessary infrastructure for the teaching-learning process as well as support activities like admissions, financial transactions, library functions, etc. at both the main campus and the off-campus centre.

In March 2021, our university established a computer lab with 30 desktop computers, sponsored by Bharat Petroleum Corporation Limited (BPCL) as part of their CSR initiative.

Our university campus, hostels and off-campus centre are Wi-Fi enabled. Students can access the internet anywhere in the campus and make use of the Learning Management System facility as well.

COVID-19 pandemic caused an increasing demand for online academic classes, which led to the demand for online exams with regards to limitations on time and resources. With the help of the IT department, we successfully conducted the exams and classes.

Other Facilities

CVV implements the well-defined policy of augmenting its infrastructure facilities as a catalyst for ensuring academic excellence.

CVV has two air-conditioned auditoriums one on the main campus and the other at the off-campus centre with state-of-the-art audio-visual facilities. These auditoriums are mainly used for conducting conferences and important functions of the university.

The off-campus centre has two air-conditioned seminar halls with a seating capacity of around 200 and there is one seminar hall at the main campus. They are used profusely for common programmes of various departments and also for arranging seminars, guest lectures and personality development programmes.

CVV is proud of its limited alternate sources of energy. A high-tech Solar system is mounted in the hostel premises for providing hot water to the inmates. Our university has installed a 500 KVA diesel power generator to provide an uninterrupted power supply at all times. Nearly four rainwater harvesting points are also available all around the campus to replenish groundwater levels whenever it rains and during monsoon season.

Realising the importance of rainwater harvesting especially in the region where the university is located, the university has constructed rainwater harvesting structures to improve the groundwater level. On the above lines, a pond with a capacity of about 3000 KL is maintained inside the University campus to harvest rainwater.

Our university offers a world of opportunities to our students and faculties to pursue research activities in their chosen fields. CVV focuses on multidisciplinary/ interdisciplinary/ transdisciplinary research by encouraging the faculty of all Schools to interact with each other and carry out research by employing an interdisciplinary approach.

CVV has a greater thrust on high end and cutting-edge research projects to bring the university into prominence at the international level and simultaneously give extra motivation to our students. The activities embarked include signing of MOUs with internationally reputed institutions, organising conferences, inviting experts, research projects, institution of endowment chairs, publication of research papers etc.

Faculty Awarded with Ph.D.

At CVV, great emphasis is laid on a research environment. The research endeavours at CVV continued at a steady pace. CVV's UG students are actively encouraged to pursue research projects for credit. Engaging in research is known to bring students out of the rote learning mentality and turn them towards a critical thinking mindset.

Three more faculty were awarded with Ph.D. With this, a vast majority of our faculty members have Ph.D from reputed universities in this academic year:

- Dr. Vishaka Venkat (Assistant Professor, School of LLS) was awarded a Ph.D. for her research in 'Theorising the Language of Humour in Indian Political Cartoons'. Her thesis develops a model to examine the language of humour, which is multimodal and accounts for the possibility of transmutation of humour as it performs through editorial cartoons.
- Dr. Saurabh Singanapalli (Assistant Professor, School of LLS) received a Ph.D. from IIT Bombay for his research on 'Exploring the Content Features of Static Images Used as Prompts for Eliciting Narrative Writing from Young Elementary School ESL Learners'. His research has attempted to look specifically at image prompts in terms of identified content elements (dynamic action, background, foregrounding) and number of images, with the ultimate aim of arriving at a

system by which image prompts appropriate for eliciting narrative writing from young learners of English can be selected or created.

- Dr. R. Venkata Raghavan, Assistant Professor, School of PPSH, earned his doctoral degree for his research on 'Figuratively Speaking: An Account of Non-Literal Communication Based on the works of Mammata Bhatta'. Through his research, Dr. Venkata Raghavan has attempted to contribute to Comparative Philosophy in general and Metaphor Research in particular by applying the concepts of Alankarshastra to the Philosophy of Language.
- Dr. Atul Kamble, Assistant Professor, School of Kalayoga, was awarded Ph.D for his research on the Study on the life and works of Ustad Alla Rakha from SRTM University, Nanded.

Education is a student-based activity, and they are the key players. In school, one must 'learn to learn'; not worry about the content, but keep learning, which is the key focus of NEP 2020. He also stated that teaching is not just about that but also about learning by the students—and that is what NEP entails too. 4. Naada Bindu Festival (10-02-2021 to 16-02-2021)

The 11th Naada Bindu Festival (NBF) in February 2021 went online this year and was available to around 2560 registered participants from the comfort of their homes. There were registrations from 42 countries, around 71% from India, 17% from the USA, 3% from the UK and the balance from other countries. A 7-day event with three sessions every day, scheduled from 10 to 16 February 2021, the content from the festival was accessible from 10 February right up to the end of the month.

Pujya Swami Swaroopananda (Chancellor, Chinmaya Vishwavidyapeeth (CVV) and Global Head of Chinmaya Mission) lit the inaugural lamp and Prof. Nagaraj Neerchal (Vice Chancellor, CVV) declared the festival open. Swami Swaroopananda appreciated the innovativeness and creativity shown by the NBF team in organising the 11th NBF online instead of postponing it to a later date.

Featuring the best of the best from performances and artist-reflections by globally acclaimed artists who have graced the NBF stage over the last decade, this presentation, carefully selected from our archival footage, recreated the NBF-Magic not only through performances but also snippets of wisdom harvested from interviews and Art-Talks.
