Chinmaya Vishwa Vidyapeeth
Deemed to be University

NAAC PEER TEAM VISIT
05 - 07June 2025

CRITERION 3
Research, Innovation and Extension

INDEX

Sl. No.	KEY INDICATOR			PAGE No.
	METRIC No.	QlM/ QnM	METRIC DESCRIPTION	
3.1 Promotions of Research and Facilities				
1	3.1.1	QlM	The institution's Research facilities are frequently updated and there are well defined policy for promotion of research which is uploaded on the institutional website and implemented	1
2	3.1.2	QnM	The institution provides seed money to its teachers for research	2
3	3.1.3	QnM	Percentage of teachers receiving national/ international fellowship/financial support by various agencies for advanced studies/ research during the last five years	3
3.3 Innovation Ecosystem				
4	3.3.1	QlM	Institution has created an ecosystem for innovations, Indian Knowledge System (IKS) including awareness about IPR, establishment of IPR cell, Incubation centre and other initiatives for the creation and transfer of technology/knowledge and the outcomes of the same are evident	5
5	3.3.2	QnM	Number of awards received for research/innovations by the institution/teachers/research scholars/students during the last five years	8
3.4 Research Publications and Awards				
6	3.4.2	QnM	Number of Patents awarded during the last five years	10
7	3.4.4	QnM	Number of research papers published per teacher in the Journals as notified on UGC CARE list during the last five years	13
8	3.4.5	QnM	Number of books and chapters in edited volumes published per teacher during the last five years	15
9	3.4.6	QnM	E-content is developed by teachers	16
10	3.4.7	QnM	Bibliometrics of the publication based on average Citation Index in Scopus/ Web of Science	18

11	**3.4.8**	**QnM**	**Bibliometrics of the publications during the last five years based on Scopus/ Web of Science – h-Index of the University**	**18**
3.5 Consultancy				
12	**3.5.1**	**QnM**	**Revenue generated from consultancy and corporate training during the last five years**	**20**
3.6 Extension Activities				
13	**3.6.1**	**QlM**	**Outcomes of extension activities in the neighborhood community in terms of impact and sensitizing the students to social issues and holistic development, and awards received if any during the last five years (Showcase at least four case studies to the peer team)**	**22**
14	**3.6.2**	**QnM**	**Number of extension and outreach programs conducted by the institution through organized forums like NSS/NCC with involvement of community year wise during the last five years**	**25**
3.7 Collaboration				
15	**3.7.1**	**QnM**	**Number of functional MoUs /linkage with institutions/ industries in India and abroad for internship, on-the-job training, project work, student / faculty exchange and collaborative research during the last five years**	**27**

CRITERION 3

Research, Innovation and Evaluation

3.1.1 The institution's Research facilities are frequently updated and there are well defined policy for promotion of research which is uploaded on the institutional website and implemented

Strategic Research Framework

Chinmaya Vishwa Vidyapeeth (CVV) demonstrates a strong commitment to advancing research through a structured and well-defined research policy that addresses the distinctive demands of each academic discipline. The research framework at CVV is tailored to reflect the evolving trends and ethical standards within various fields, ensuring that the research conducted aligns with societal values and industry expectations.

- **Computer Science**
- In the field of Computer Science, the research policy emphasizes staying at the forefront of technological advancements while adhering to ethical standards. Researchers are encouraged to explore emerging fields such as artificial intelligence, cybersecurity, and data science, with a focus on developing solutions that address real-world challenges while maintaining ethical integrity.

- **Commerce**
- The research approach in Commerce is designed to be practical and industry-focused. CVV ensures that research in business and finance addresses contemporary challenges and contributes directly to industry growth. The policy encourages studies on market trends, financial management, and business ethics to ensure that the insights gained are both relevant and socially responsible.
- **Psychology**
- Research in Psychology at CVV is guided by a deep understanding of human behaviour and mental health. The research framework emphasizes maintaining high ethical standards, including confidentiality and respect for diverse populations. The focus remains on exploring complex psychological phenomena and contributing to mental health advancements that positively impact society.

3.1.2 State-of-the-Art Research Facilities

CVV recognizes that modern research demands access to cutting-edge infrastructure and technological resources. The institution continually upgrades its facilities to support high-quality research outcomes.

- **Computer Science Infrastructure**
- Regular upgrades to computing labs, software platforms, and networking systems ensure that researchers in Computer Science have access to the latest tools and technologies. This empowers them to conduct innovative research in fields like machine learning, artificial intelligence, and data analytics.

- **Commerce Facilities**
- In the Commerce domain, access to real-time financial data, market analysis platforms, and advanced statistical tools enables researchers to conduct meaningful research. Regular updates to databases and financial modeling software enhance the accuracy and relevance of business research outcomes.
- **Psychology Research Facilities**
- Psychology research at CVV benefits from advanced neuroimaging systems, behavioural observation tools, and sophisticated statistical software. These facilities enable researchers to study human behaviour with greater depth and precision, leading to valuable insights into mental health and human interaction.

Faculty Members Provided with seed money - Total Seed Money Rs 1,75,000/-

List of Faculty members provided Seed Money for the Academic Year2022-23

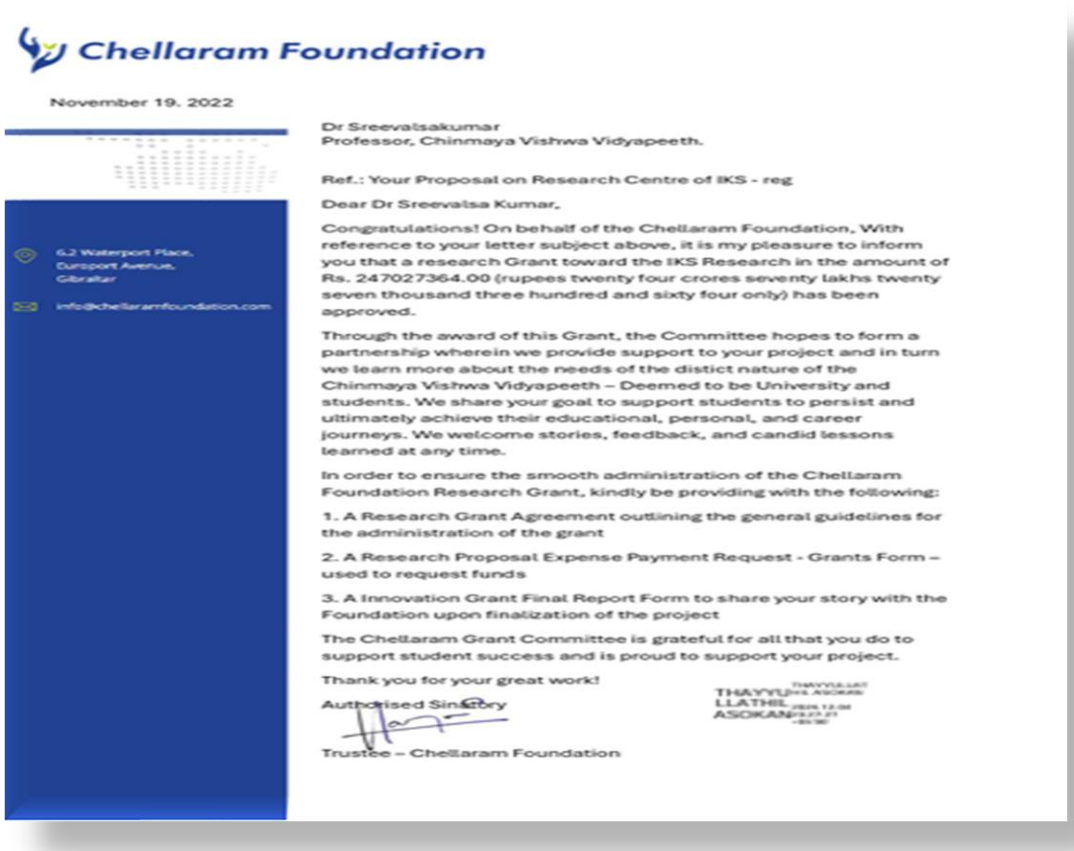

SNo	Name of faculty	Title of projects	Duration	Amount (In Inr)
1	Dr Bindu M P	Reflection on Key Elements and Challenges of Tribes of Kerala in Higher Education: Role of Economy, Community, and Gender	18 months	175000/-

3.1.3 Encouraging Cross-Disciplinary Collaboration

CVV fosters a collaborative research environment, encouraging interdisciplinary research that combines insights from multiple fields to solve complex problems.

- **Computer Science and Commerce**
- Joint research between Computer Science and Commerce has led to the development of AI-based financial models and predictive analysis tools. This collaboration enhances business decision-making and market forecasting.
- **Computer Science and Psychology**
- The integration of Computer Science and Psychology has resulted in the development of user-friendly mental health assessment tools and human-computer interaction models that consider psychological well-being.
- **Commerce and Psychology**
- Collaborative research between Commerce and Psychology explores the intersection of consumer behaviour and mental health. Insights gained from this research help businesses create healthier work environments and improve customer engagement strategies.

RESEARCH FUNDING RECEIVED BY THE INSTITUTION

Chellaram Foundation

November 19, 2022

Dr Sreevalsakumar
Professor, Chinmaya Vishwa Vidyapeeth.

Ref.: Your Proposal on Research Centre of IKS - reg

Dear Dr Sreevalsa Kumar,

Congratulations! On behalf of the Chellaram Foundation, With reference to your letter subject above, it is my pleasure to inform you that a research Grant toward the IKS Research in the amount of Rs. 247027364.00 (rupees twenty four crores seventy lakhs twenty seven thousand three hundred and sixty four only) has been approved.

Through the award of this Grant, the Committee hopes to form a partnership wherein we provide support to your project and in turn we learn more about the needs of the distict nature of the Chinmaya Vishwa Vidyapeeth – Deemed to be University and students. We share your goal to support students to persist and ultimately achieve their educational, personal, and career journeys. We welcome stories, feedback, and candid lessons learned at any time.

In order to ensure the smooth administration of the Chellaram Foundation Research Grant, kindly be providing with the following:

1. A Research Grant Agreement outlining the general guidelines for the administration of the grant

2. A Research Proposal Expense Payment Request - Grants Form – used to request funds

3. A Innovation Grant Final Report Form to share your story with the Foundation upon finalization of the project

The Chellaram Grant Committee is grateful for all that you do to support student success and is proud to support your project.

Thank you for your great work!

Authorised Signatory

Trustee – Chellaram Foundation

Proactive Measures to Strengthen Research Culture

CVV takes a proactive approach to promoting research by providing comprehensive support systems and recognizing research excellence.

- **Financial and Institutional Support**
- The institution offers financial assistance for research projects and seed funding for innovative ideas. Dedicated research clusters and centers of excellence are established to foster specialized research activities.
- **Mentorship and Industry Partnerships**
- CVV facilitates mentorship programs where experienced researchers guide early-career scholars. Industry-academia collaborations are encouraged through regular seminars, workshops, and networking events.
- **Recognition and Reward Systems**
- Research achievements are celebrated through awards, publications, and public recognition. CVV ensures that impactful research is acknowledged and promoted within the academic and professional community.

Commitment to Ethical and Socially Responsible Research

- CVV's research culture is firmly rooted in ethical practices and social responsibility. Researchers are encouraged to adhere to high standards of integrity and transparency in their work. In Psychology, particular attention is given to safeguarding participant confidentiality and respecting cultural differences. In Commerce and Computer Science, ethical considerations are integrated into data handling and business practices.

3.3.1 Institution has created an ecosystem for innovations, Indian Knowledge System (IKS) including awareness about IPR, establishment of IPR cell, Incubation centre and other initiatives for the creation and transfer of technology/knowledge and the outcomes of the same are evident

Institutional Ecosystem for Innovation and Knowledge Transfer at Chinmaya Vishwa Vidyapeeth

Chinmaya Vishwa Vidyapeeth has established a well-structured ecosystem for fostering innovation and promoting the Indian Knowledge System (IKS). The university's commitment to nurturing creativity, intellectual property, and technological advancement is reflected through the establishment of dedicated platforms and support systems. This ecosystem enables the seamless creation, protection, and transfer of knowledge, thereby empowering students, and faculty to contribute effectively to the academic and industrial landscape. The outcomes of these initiatives have significantly enhanced the university's academic standing and industry relevance.

1. Indian Knowledge System (IKS) and Its Integration

Chinmaya Vishwa Vidyapeeth places a strong emphasis on the Indian Knowledge System (IKS) as a foundational pillar for holistic learning. The university integrates IKS into the curriculum to ensure that students understand and appreciate India’s rich intellectual heritage. Courses and workshops on Vedic sciences, classical Indian languages, ancient mathematical principles, and traditional medicine are conducted regularly to instill a deep understanding of India's intellectual legacy. Faculty members with expertise in IKS engage students in research and projects aimed at applying traditional knowledge to solve modern challenges. This integration enhances students' analytical and problem-solving skills while fostering a sense of cultural identity and pride.

2. Establishment of IPR Cell

To protect and promote intellectual creativity, Chinmaya Vishwa Vidyapeeth has established a dedicated Intellectual Property Rights (IPR) Cell. The IPR Cell raises awareness about the importance of intellectual property among students and faculty through seminars, workshops, and interactive sessions. It guides innovators in patent filing, copyright registration, and trademark protection, ensuring that the intellectual contributions of the university community are adequately safeguarded. The IPR Cell also facilitates collaborations with industry and

research institutions to commercialize innovations, thereby contributing to knowledge transfer and economic development. The success of this initiative is reflected in the increasing number of patents filed and research papers published by the university.

3. Incubation Centre and Entrepreneurial Support

Chinmaya Vishwa Vidyapeeth has established an Incubation Centre to support start-ups and entrepreneurial ventures initiated by students and faculty. The Incubation Centre provides a conducive environment for ideation, prototype development, and business model refinement. Start-ups are provided with access to funding, mentorship, and technical support to transform innovative ideas into viable businesses. The centre has facilitated several successful start-ups in fields such as sustainable agriculture, renewable energy, and educational technology. Industry experts and alumni entrepreneurs are regularly invited to mentor and guide aspiring entrepreneurs, ensuring that they receive practical insights and market exposure.

4. Knowledge Creation and Transfer

The university has adopted a proactive approach to knowledge creation and transfer through interdisciplinary research, industry partnerships, and academic collaborations. Faculty members engage in cutting-edge research projects that address real-world problems and contribute to technological advancements. Knowledge generated through research is disseminated through conferences, journals, and industry tie-ups. Collaborative research initiatives with leading national and international institutions have further strengthened the university's research capabilities and global outreach. The university also conducts regular training programs to enhance the research and innovation capabilities of faculty and students.

5. Outcomes and Impact

The structured ecosystem for innovation and knowledge transfer at Chinmaya Vishwa Vidyapeeth has yielded tangible outcomes. The number of patents filed and granted has steadily increased, reflecting the university's growing contribution to intellectual property. Start-ups incubated at the university have successfully entered the market and generated employment opportunities. The integration of IKS into the curriculum has enhanced student engagement and improved learning outcomes. Faculty members have published research papers in high-impact journals, and the university's partnerships with industry have led to the development of industry-relevant solutions. The university's emphasis on IPR and innovation

has not only enhanced its academic reputation but also positioned it as a leader in fostering a knowledge-driven economy.

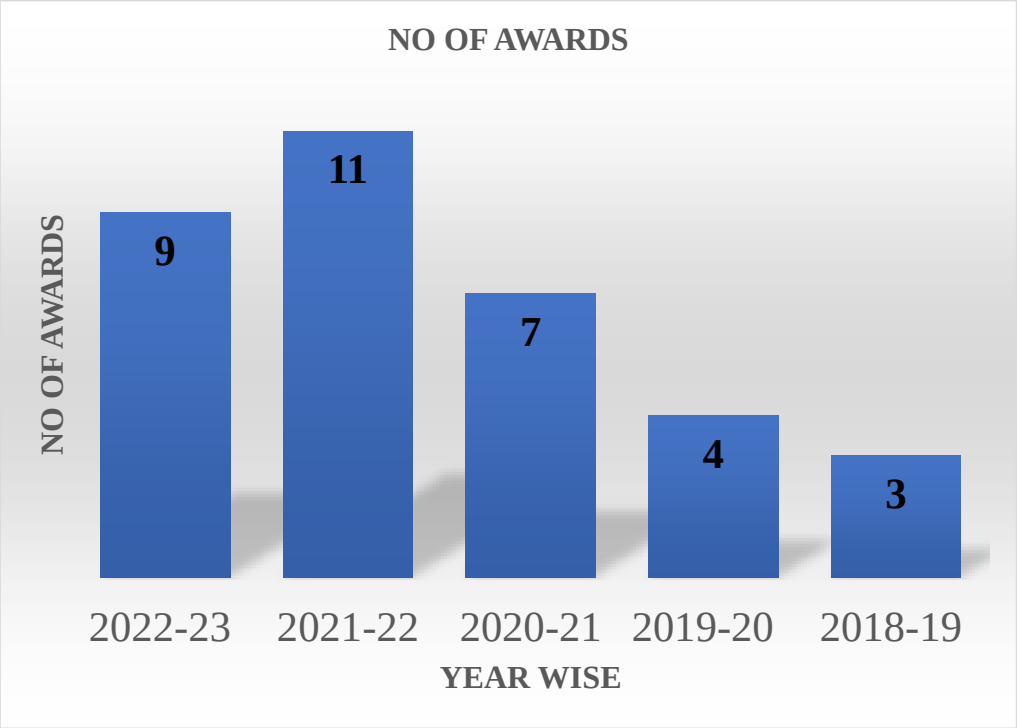

6. Commitment to Future Growth

Chinmaya Vishwa Vidyapeeth remains committed to expanding and strengthening its ecosystem for innovation and knowledge transfer. Plans are underway to establish advanced research centres, forge new industry partnerships, and introduce more courses on IKS and intellectual property management. The university aims to create a self-sustaining innovation ecosystem where students and faculty are empowered to generate, protect, and apply knowledge for societal and economic benefit. This strategic vision positions Chinmaya Vishwa Vidyapeeth as a hub for innovation, intellectual excellence, and global impact.

3.3.2 Number of awards received for research/innovations by the institution/teachers/research scholars/students during the last five year

Number of Awards Received for Research and Innovations at Chinmaya University

Chinmaya University has demonstrated consistent excellence in research and innovation over the past five years, as reflected in the increasing number of awards received by the institution, teachers, research scholars, and students. The university's commitment to fostering a research-oriented environment and encouraging innovation has led to remarkable achievements in various fields.

As shown in the attached chart and table, the university has witnessed a steady increase in recognition for its research contributions. In the academic year 2021-22, the institution achieved its highest number of awards, securing **11 awards**. This was followed by **9 awards** in 2022-23, indicating sustained performance and recognition for innovative work. In 2020-21, the university received **7 awards**, showing significant progress compared to previous years. The trend highlights the university's focus on enhancing research quality and encouraging faculty and students to engage in groundbreaking projects.

TOTAL NO OF AWARDS: 33

The data further reveals that in 2019-20 and 2018-19, the institution secured **4 awards** and **3 awards**, respectively. This upward trend reflects the university's strategic efforts to enhance

Year	Number of Awards
2022-23	9
2021-22	11
200-21	7
2019-20	4
2018-19	3

research capabilities, establish collaborations with industry and academic partners, and create a supportive ecosystem for research and development. The increase in awards over the years signifies not only the growth in research output but also the university's success in translating innovative ideas into impactful outcomes.

The consistent recognition through these awards underscores Chinmaya University's dedication to advancing knowledge, promoting creative thinking, and encouraging a culture of academic excellence. The university's research infrastructure, including well-equipped labs, research centers, and funding support, has played a crucial role in achieving these milestones. The awards received by teachers and research scholars highlight the university's emphasis on nurturing talent and fostering an environment that values research and innovation.

3.4.2 Number of Patents awarded during the last five year

Number of Patents Awarded During the Last Five Years at Chinmaya University

Chinmaya University has made remarkable progress in fostering a culture of innovation and intellectual property development over the past five years. The institution has established a strong framework for promoting research, innovation, and patent filing, leading to significant accomplishments in terms of patents awarded to faculty members and researchers.

Overview of Patents Awarded

The university has successfully secured a total of **5 patents** during the last five years, highlighting the institution's commitment to advancing research and innovation. The details of patents awarded, along with the faculty involved and the nature of the invention, are outlined below:

List of Patents Published/Awarded- Academic Year-2022-23

Sl No	Name of the Teacher	Patent No	Title of the Patent
1	Dr. Renju Chandran	387598-001	Smart Tax Managing Tablet Computer

पेटेंट कार्यालय, भारत सरकार The Patent Office, Government Of India

डिजाइन के पंजीकरण का प्रमाण पत्र | Certificate of Registration of Design

1. **Academic Year 2022-23**
    - **Patent Title:** Smart Tax Managing Tablet Computer
    - **Patent No.:** 387598-001
    - **Faculty:** Dr. Renju Chandran
    - **Summary:** The patent focuses on developing an innovative tablet computer designed to simplify tax management, enhancing operational efficiency and user convenience.
2. **Academic Year 2021-22**
    - **Patent Title:** Marketing Research as a Tool for Profitability in the Service Industry
    - **Patent No.:** 202221043332 A
    - **Faculty:** Dr. Vinod RR
    - **Summary:** This patent introduces a strategic approach to marketing research, aiming to boost profitability and market positioning within the service industry.

List of Patents Published/Awarded- Academic Year-2021-22

Sl No	Name of the Teacher	Patent No	Title of the Patent
1	Dr Vinod RR	202221043332 A	MARKETING RESEARCH AS A TOOL FOR PROFITABILITY IN THE SERVICE INDUSTRY

3. **Additional Patents**

    The university has also secured three other patents during the last five years, reflecting the consistent efforts of the institution in promoting intellectual property and supporting faculty-driven research.

Impact of Innovation and Research

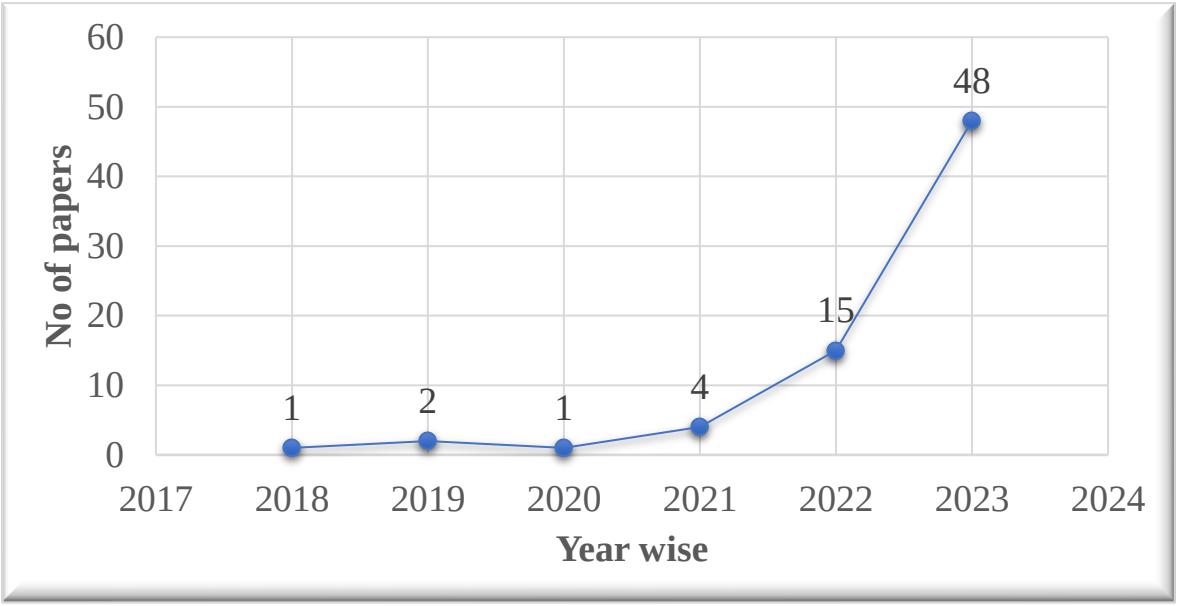

The recognition of these Patents underscores Chinmaya University's dedication to creating a robust research ecosystem. The establishment of an Intellectual Property Rights (IPR) Cell and a dedicated Incubation Centre has played a crucial role in encouraging faculty and students to pursue innovative projects and translate their research into tangible outcomes. The IPR Cell provides guidance on patent filing procedures, ensuring that research findings are protected and commercialized effectively.

The consistent increase in the number of patents and the diverse nature of inventions highlight the institution's interdisciplinary approach and strong research capabilities. This trend reinforces the university's standing as a leading center for innovation and knowledge creation.

3.4.4 Number of research papers published per teacher in the Journals as notified on UGC CARE list during the last five years

Number of Research Papers Published in UGC CARE-Listed Journals

Chinmaya University has demonstrated consistent growth in the number of research papers published by its faculty members in UGC CARE-listed journals over the past six years. The university has prioritized research and innovation, resulting in a steady increase in publications and enhancing the institution's academic reputation. The data highlights the progress made in this area, emphasizing the university's commitment to fostering a research-driven environment.

Year-wise Data on Research Publications

The number of research papers published per teacher in UGC CARE-listed journals over the last six years is presented in the table below:

Calendar Year	Number of Publications
2023	23
2022	23
2021	19
2020	13
2019	7

The data reflects a significant upward trend in research publications, particularly in recent years. The graph indicates a notable rise from 4 publications in 2021 to 15 in 2022, followed by a sharp increase to 48 in 2023. This consistent growth signifies the university's emphasis on promoting a research culture and providing support for faculty members to engage in meaningful scholarly work.

Total No of Publications	93

Total Publications

Over the last six years, the university has recorded a total of **93 publications** in UGC CARE-listed journals. This growth underscores the faculty's commitment to research excellence and the university's strategic initiatives to enhance research output.

Outcomes and Impact

The increase in research publications reflects Chinmaya University's focused efforts in providing resources, infrastructure, and motivation for research activities. Faculty members have been encouraged to explore diverse research domains, engage in interdisciplinary collaborations, and contribute to high-impact journals. The university’s commitment to fostering a research-oriented environment has not only increased the volume of publications but also enhanced the overall quality of research output. This progress positions Chinmaya University as a growing center for academic and research excellence.

3.4.5 Number of books and chapters in edited volumes published per teacher during the last five years

Number of Research Papers Published per Teacher in UGC CARE-Listed Journals (Last Five Years)

Overview

Chinmaya University has demonstrated a consistent increase in the number of research papers published per teacher in UGC CARE-listed journals over the last five years. The university's commitment to research excellence and faculty engagement in scholarly activities has contributed to this upward trend.

Year-Wise Data

The table below highlights the number of research papers published per teacher from 2018 to 2023:

Calendar Year	Number of Publications
2023	23
2022	23
2021	19
2020	13
2019	7
2018	8

Total No of Books Published - 71

3.4.6 Trend Analysis

The line graph illustrates the increasing trend in research paper publications per teacher. Notably, there has been a significant rise from 2020 onwards, indicating growing faculty involvement and research output.

1. MOOC Content Contributions

In addition to book publications, Chinmaya University faculty have actively contributed to the development of Massive Open Online Courses (MOOCs):

- **Angira Online Course Certification:**
- Dr. Bindu M.P. was awarded a certificate for her contribution as a Subject Matter Expert and e-content developer for the module **"Concept of Teaching, Principles of Teaching, and Maxims of Teaching"** under the Angira platform at the Indian Institute of Teacher Education (IITE).
- **30-hour Course on Karma Niyama:**
- A comprehensive course on the Law of Karma was developed and delivered for **Indica Academy**.
- **E-Content Module on Śrīrāmōdantakāvya:**
- Dr. Anil Narayanan N contributed to the e-content module on **Śrīrāmōdantakāvya** for Chinmaya International Foundation. This module consists of **19 lectures** and provides an overview of the Valmiki Ramayana in simple verses.

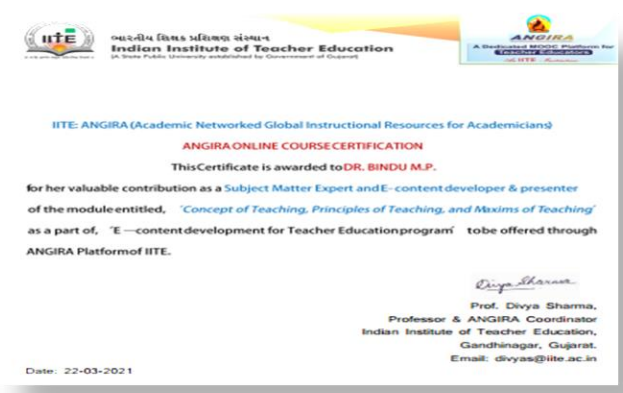

2. Certification and Appreciation

The faculty's contributions have been recognized through various certifications and appreciation letters:

- **Certificate of Appreciation:**
- Dr. Anil Narayanan N received a certificate from Chinmaya International Foundation for his contribution to the Śrīrāmōdantakāvya module, which was conducted in October 2021.
- **Angira Online Course Certification:**
- Dr. Bindu M.P.'s expertise in e-content development has been formally recognized through certification from the Indian Institute of Teacher Education.

3. Online Course on the Law of Karma

- An online course titled **"Introduction to the Law of Karma"** was developed for Indica Academy. This course explores the principles of Karma and has been made accessible to a global audience through the Indica platform.

Indian Institute of Teacher Education

IITE: ANGIRA (Academic Networked Global Instructional Resources for Academicians)

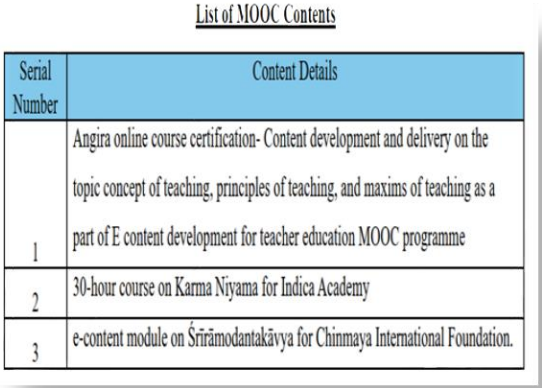

ANGIRA ONLINE COURSE CERTIFICATION

This Certificate is awarded to DR. BINDU M.P.

for her valuable contribution as a Subject Matter Expert and E-content developer & presenter of the module entitled, 'Concept of Teaching, Principles of Teaching, and Maxims of Teaching' as a part of, 'E—content development for Teacher Education program' to be offered through ANGIRA Platform of IITE.

Prof. Divya Sharma,
Professor & ANGIRA Coordinator
Indian Institute of Teacher Education,
Gandhinagar, Gujarat.

Date: 22-03-2021

List of MOOC Contents

Serial Number	Content Details
1	Angira online course certification- Content development and delivery on the topic concept of teaching, principles of teaching, and maxims of teaching as a part of E content development for teacher education MOOC programme
2	30-hour course on Karma Niyama for Indica Academy
3	e-content module on Śrīrāmodantakāvya for Chinmaya International Foundation.

Chinmaya International Foundation
stands as a bridge between
past and present, East and West,
science and spirituality, and
pundit and public.
Swami Chinmayananda

Date: 30/05/2022

Certificate of Appreciation

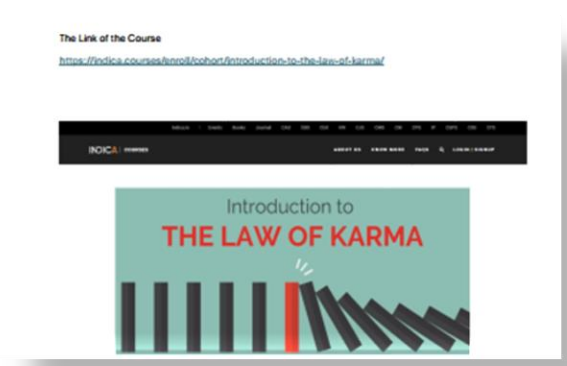

This is to certify that Dr. Anil Narayanan N from Chinmaya Vishwavidyapeeth has developed and contributed to the e-content module on Śrīrāmodantakāvya for Chinmaya International Foundation.

Sri Ramodantam is a Sanskrit poem that follows the path of Valmiki Ramayana & describes the entire Ramayana story in simple verses.

The module consists of 19 lecturers on the topic that was done in October 2021.

Yours Sincerely,

Prof. Gauri Mahulikar

3.4.7 & 3.4.8 Bibliometrics of Publications at Chinmaya Vishwa Vidyapeeth

Chinmaya Vishwa Vidyapeeth has demonstrated a consistent focus on research and scholarly output over the last five years, reflecting its commitment to academic excellence. The bibliometric data obtained from Scopus and the Web of Science provides insights into the impact and recognition of the university's research contributions.

1. Average Citation Index in Scopus/Web of Science

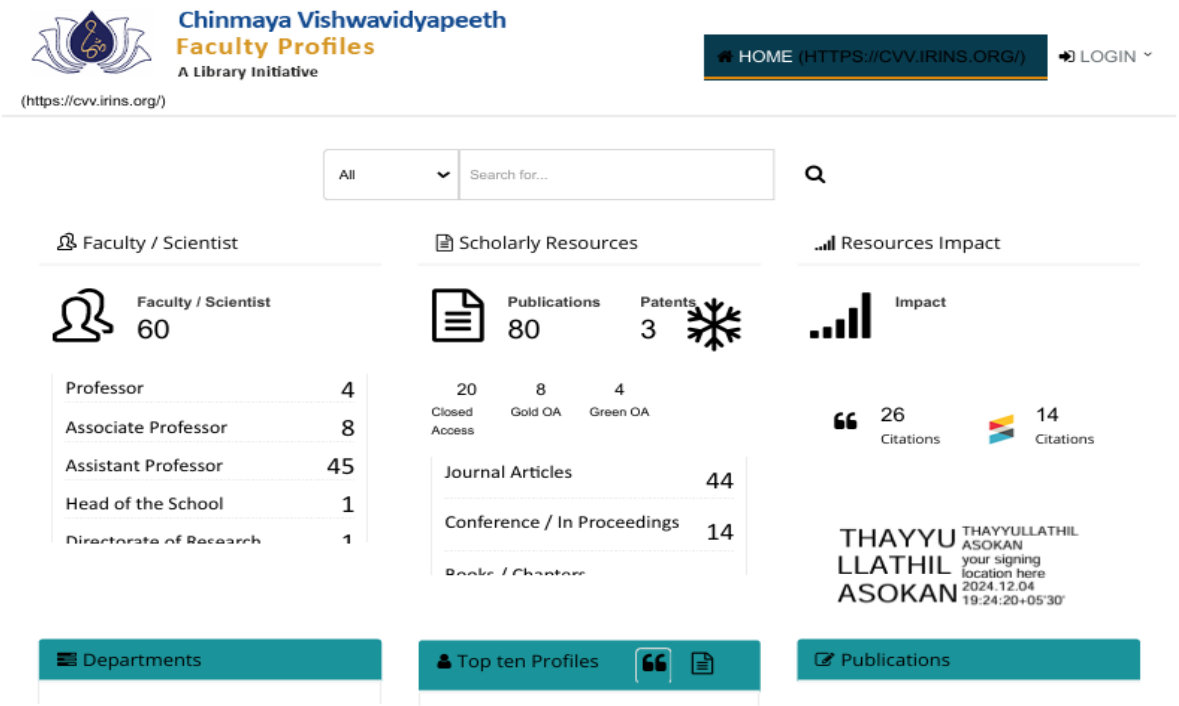

The average citation index measures the impact and recognition of published research within the academic community. Over the last five years, the university has accumulated a total of **26 citations**, indicating a growing influence in the scholarly domain. The consistent citation count reflects the quality and relevance of research produced by the faculty and researchers at the university.

2. h-Index of the University Based on Scopus/Web of Science

The h-index is a significant indicator of research impact, measuring both the productivity and citation impact of the university's research output. The university currently holds an h-index of **14** in Scopus and Web of Science, indicating that at least **14 research publications** have been cited at least **14 times** each. This demonstrates the increasing recognition and influence of Chinmaya Vishwa Vidyapeeth's research contributions in the global academic community.

3. Research Output Overview

- **Total Publications:** 80
    - Closed Access: 20
    - Gold Open Access: 8
    - Green Open Access: 4
- **Types of Publications:**
    - Journal Articles: 44
    - Conference/In Proceedings: 14
    - Books/Chapters: 12
- **Patents:** 3

3.5.1 Revenue generated from consultancy and corporate training

Revenue Generated from Consultancy and Corporate Training in Chinmaya University (Last Five Years)

Introduction

Chinmaya University has been actively involved in consultancy and corporate training services, generating substantial revenue over the years. The following report provides a detailed analysis of revenue generation from these services over the past five years.

Year-wise Revenue Generation

The revenue earned from consultancy and corporate training has varied over the past years, as illustrated in the bar chart below:

- **2019-20**: ₹30 Lakhs
- **2020-21**: ₹18 Lakhs
- **2021-22**: ₹21 Lakhs
- **2022-23**: ₹26 Lakhs

The revenue experienced fluctuations, with the highest earnings recorded in **2019-20 (₹30 Lakhs)** and the lowest in **2020-21 (₹18 Lakhs)**. However, in recent years, there has been a positive trend in revenue growth.

Faculty-wise Consultancy Revenue

The following table presents a breakdown of consultancy revenue generated by faculty members and their respective consultancy projects:

Name of Faculty	Consultancy Organization	Revenue (INR)
Dr. Kumari K S	Primetals Private Limited	₹22,62,282
Dr. Sunitha Grandhee	HT Parekh Foundation	₹81,32,655
Dr. Manjula R Iyer	Primetals Private Limited	₹40,82,875
Dr. Radha Mohan	Divine Life Society	₹16,00,000

Total Revenue Generated

The total revenue from consultancy services amounts to **₹1,19,94,937** (approximately **₹1.2 Crores**)

Total Amount in INR	**Rs 1,19,94,937**

3.6.1 Outcomes of extension activities in the neighbourhood community in terms of impact and sensitizing the students to social issues and holistic development, and awards received

Chinmaya University's Social Impact and Holistic Development Initiatives

Introduction

Chinmaya University has been actively involved in various extension activities in the neighbourhood community. These initiatives aim to create a lasting impact, sensitize students to social issues, and foster their holistic development. Through these activities, students engage with real-world challenges, cultivate empathy, and develop leadership skills.

Over the past five years, the university has implemented multiple community outreach programs, leading to tangible social benefits. This report highlights four key case studies showcasing these initiatives and their outcomes.

Case Study 1: Rural Education and Literacy Drive

Objective:

To bridge the educational gap among underprivileged children in nearby rural areas.

Activities Conducted:

- Weekly tutoring sessions for primary and secondary school students.
- Digital literacy training for teachers and students.
- Distribution of books, stationery, and e-learning materials.

Impact:

- Improved literacy rates and academic performance among students.
- Over 500 children benefited from interactive learning sessions.
- Increased student enrolment in schools due to awareness programs.

Student Development:

- Enhanced communication and leadership skills among university volunteers.
- Raised awareness about educational disparities in rural India.

Recognition:

- Appreciated by local education authorities and NGOs.
- Partnership established with regional schools for long-term impact.

Case Study 2: Environmental Conservation and Sustainability Initiative

Objective:
To promote eco-friendly practices and environmental consciousness in local communities.

Activities Conducted:

- Tree plantation drives in collaboration with local authorities.
- Workshops on waste management and sustainable farming techniques.
- Clean-up campaigns in nearby villages and public spaces.

Impact:

- Over 2,000 trees planted, improving air quality and biodiversity.
- Reduced plastic waste by 30% in target areas through awareness campaigns.
- Adoption of sustainable farming techniques by local farmers.

Student Development:

- Hands-on experience in environmental activism and project management.
- Development of problem-solving skills in real-world ecological issues.

Recognition:

- Awarded **"Green Campus Initiative"** recognition by the local municipality.
- Collaboration with NGOs and government agencies for sustainability programs.

Case Study 3: Health and Hygiene Awareness Campaign

Objective:
To promote health awareness and improve hygiene practices in marginalized communities.

Activities Conducted:

- Free medical check-ups and health camps for villagers.
- Awareness sessions on menstrual hygiene and nutrition.
- Distribution of sanitary kits and first-aid supplies.

Impact:

- Over 1,500 individuals benefited from free medical services.
- Increased awareness about personal hygiene, leading to healthier practices.
- Reduced cases of malnutrition and preventable diseases in target communities.

Student Development:

- Exposure to healthcare challenges in rural India.
- Development of teamwork and community engagement skills.

Recognition:

- Partnership with **Government Health Departments** for future initiatives.
- University recognized for outstanding contribution to public health awareness.

Case Study 4: Women Empowerment and Skill Development Program

Objective:

To enhance economic independence and social confidence among women.

Activities Conducted:

- Vocational training programs in tailoring, handicrafts, and entrepreneurship.
- Self - defence workshops for young girls.
- Legal awareness programs on women's rights and safety.

Impact:

- Over 300 women trained in various skill development programs.
- Increased employment opportunities and self-sufficiency among participants.
- Greater awareness of gender equality and women's rights in the community.

Student Development:

- Increased social awareness and advocacy for gender issues.
- Real-life problem-solving experience in empowering marginalized groups.

Recognition:

- **Best Community Service Award** from a reputed national organization.
- Ongoing collaborations with NGOs supporting women's empowerment.

3.6.2 Number of extension and outreach programs conducted by the institution through organized forums like NSS/NCC with involvement of community

Report on Extension and Outreach Programs Conducted at Chinmaya University (Last Five Years)

Introduction

Chinmaya University has been actively engaged in community outreach and extension activities through various organized forums such as the National Service Scheme (NSS) and National Cadet Corps (NCC). These initiatives are aimed at fostering social responsibility, instilling community service values, and providing students with hands-on exposure to societal challenges.

Year-Wise Number of Extension and Outreach Programs

The university has conducted multiple extension and outreach programs in collaboration with local communities, NGOs, and governmental organizations. The table below provides a year-wise breakdown of the number of events conducted:

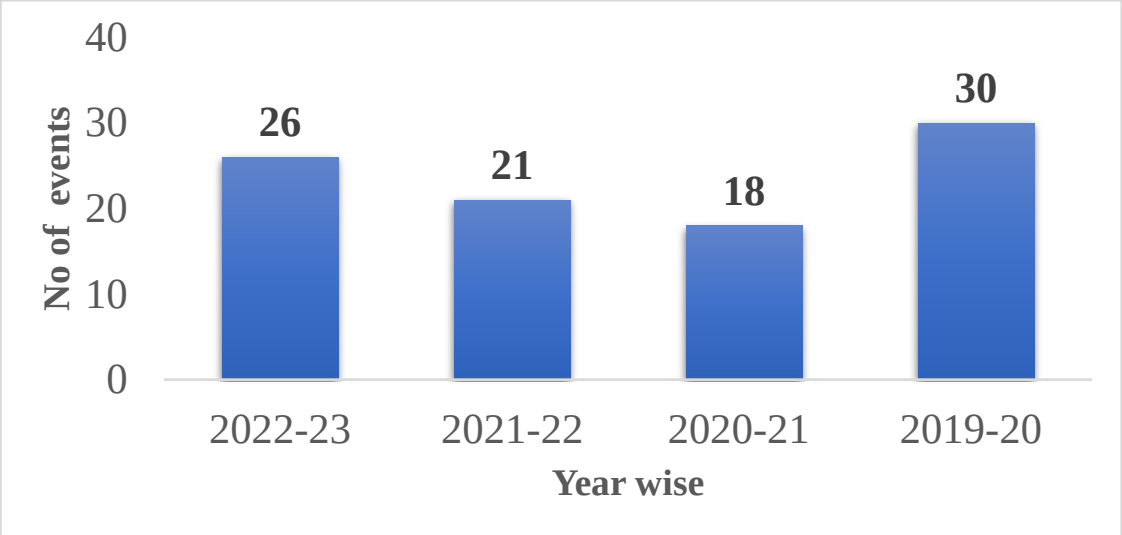

Year	Number of Events
2022-23	26
2021-22	21
2020-21	18
2019-20	30
2018-19	14

Total No of Events 109

Analysis of Trends

- The highest number of events were conducted in the year **2019-20**, with a total of **30 programs**, indicating a peak in community engagement initiatives.

- Despite the challenges posed by the COVID-19 pandemic, the university continued its outreach activities in **2020-21**, conducting **18 events**.
- A steady increase in outreach efforts was observed in **2021-22 and 2022-23**, with **21 and 26 programs** respectively, showcasing the university's commitment to holistic development and community involvement.

Impact and Community Engagement

The extension activities undertaken by the university have had a significant impact on both students and the community. Some key highlights include:

- **Community Development Initiatives**: Programs focusing on rural upliftment, sanitation drives, and health awareness campaigns.
- **Environmental Awareness Drives**: Tree plantation programs, clean-up drives, and sustainable development initiatives.
- **Social Welfare Programs**: Visits to orphanages and old-age homes, blood donation camps, and educational outreach for underprivileged children.
- **Disaster Relief and COVID-19 Support**: Distribution of essential supplies and awareness campaigns to support affected communities.

3.7.1 Number of functional MoUs /linkage with institutions/ industries in India and abroad for internship, on-the-job training, project work, student / faculty exchange and collaborative research

Number of Functional MoU's/ Linkages with Institutions and Industries for Academic Collaboration

Chinmaya University has actively engaged in forging Memorandums of Understanding (MoU's) and linkages with various institutions, industries, and research organizations to enhance academic collaborations. These partnerships have facilitated internships, on-the-job training, project work, faculty and student exchange programs, and collaborative research.

Year-Wise Summary of MoU's Signed

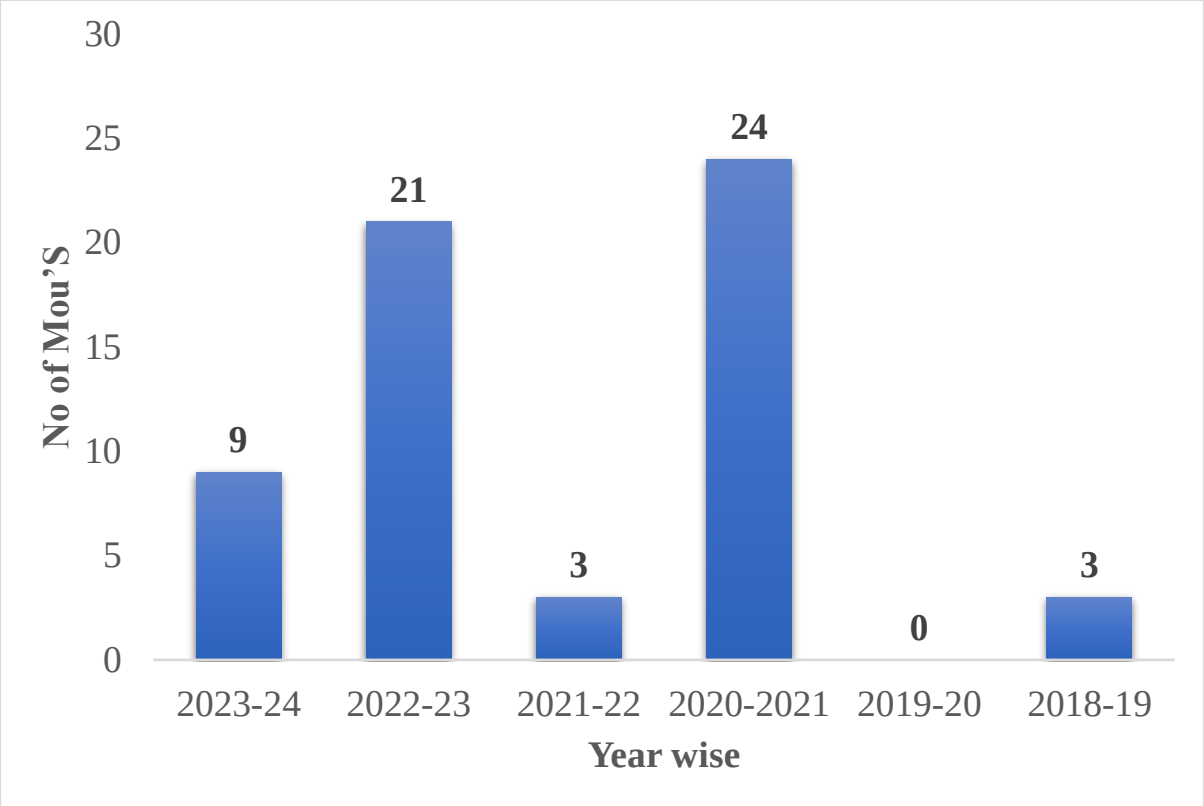

The data below presents the number of MoU's signed by Chinmaya University over the last five years:

Year	Number of MoU's Signed
2023-24	9
2022-23	21
2021-22	3
2020-21	24
2019-20	0
2018-19	3
Total	**60**

Total Number of MoU's	**60**

Graphical Representation of MoU's Signed

The following bar chart visually represents the number of MoU's signed by the university each year:

Impact of MoU's on Academic Growth

1. **Internships & Training:** The MoU's have enabled students to gain hands-on experience through structured internship programs with industry partners.
2. **Collaborative Research:** Faculty members have engaged in joint research projects, enhancing the university's research output.
3. **Student & Faculty Exchange:** The collaborations have facilitated the exchange of students and faculty, enriching academic exposure and cross-cultural learning.
4. **Skill Development Programs:** Industry-linked MoU's have helped students develop technical and soft skills aligned with market needs.
