The evaluation system at CVV that has two components viz. Continuous Internal Assessment (Formative Assessment) and University Examinations (Summative Assessment) with duly approved weightages. The grading system as recommended by UGC is followed in letter and spirit.

Our university has accepted the credit transfer policy as per UGC guidelines and this allows mobility of students between institutions subject to terms and conditions. Thus, the implementation of CBCS enables the students to rise to global standards.

Details of the academic flexibility adopted for interdisciplinary learning

CVV has laid a strong foundation in providing academic flexibility to its students to study courses of their choice and mobility to different institutions through implementation of CBCS as envisaged by UGC so that the students, depending upon their interests and aims, can choose inter-disciplinary, intra-disciplinary and skill-based courses and this paves way for additional avenues of learning beyond core subjects, resulting in their holistic development.

To provide for academic flexibility, our university has introduced various Skill Enhancement Courses (Proficiency courses category) for UG and Integrated Masters programmes. The curricula of UG and PG programmes make our students more employable by providing greater flexibility in programmes, achieved through variety of elective courses within and across disciplines.
